

## Dirty Old Man's Ancestry

He owes his brow,  
broad and square,  
to the Moors  
who conquered Granada.  
He owes his nose,  
long and bulbous,  
to the Jews  
who lived in Toledo.  
He owes his sex drive  
to his grandmother,  
his taste in scotch to her son,  
his finickiness  
to his other grandmother,  
his penchant for lamentation  
to her husband, and to their daughter,  
his mother, he owes  
everything else but his heart.  
His heart is his alone.
